

Built on 4-States QRP Tuner kit by NM0S
<https://4sqr.com/4stuner.php>
 Video demo: <https://youtu.be/U5ByCdx2YCo>

Pitch increases with SWR.
 LED brightens with SWR.
 Very low pitch with no RF applied or perfect match.
 Also proves that the batteries are ok.
 Works reliably for <math><0.2</math> to 5 W RF input and any SWR.

QRP Tuner with Audible Reflected Power

NA6O 8-19-25
